**Advisory
Council Conference**

The European Centre for Minority Issues (ECMI) is pleased to invite you to the annual conference of its Advisory Council. Since its establishment in 1996 ECMI has worked conspicuously on the implementation of standards that ensured Minority protection and enhanced empowerment of National Minorities. While legal standards improved in many European countries, there is still a lack of integration and social acceptance of National Minorities in many areas. ECMI's Advisory Council is composed of leading international social, political and legal experts on issues related to minorities. This year's annual Advisory Council Conference will address the new challenges that National Minorities face in a changing Europe.
